MEMORANDUM FOR THE RECORD

25X1A

SUBJECT : Concurrence in Amendment No. 2 to Contract No. NY-B-5111C
with Baird-Atomic, Inc., Project [REDACTED]

1. This memorandum contains a recommendation submitted for approval of the Project Director. Such recommendation is set forth in Paragraph 5.

2. Contract No. NY-B-5111C and Amendment No. 1 thereto provide for 50 sextants, viewing heads and related services for the Department of the Navy. Amendment No. 2 provides for an increase in scope for Item No. 7 of the contract and adds Item No. 8 to the contract. These items pertain to modifications and design work necessary for proper installation of sextants in Navy vehicles.

3. As a result of Amendment No. 2, the total contract price is increased by \$23,600. By letter to the Contractor, SAPC-23341, dated 20 January 1958, a sum of \$8,000 was obligated from Navy funds under Contract No. NY-B-5111C to cover additional work to be designated as Item No. 8 under the contract. Since Amendment No. 2 definitizes Item No. 8, only the remaining portion of the contract price of \$15,600 is to be obligated under Contract No. NY-B-5111C by Amendment No. 2 from [REDACTED].

By concurrence to this memorandum the Project Comptroller signifies that sufficient funds are available for this additional obligation. The total amount obligated under Contract No. NY-B-5111C is [REDACTED].

4. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956, which in effect results in all 10(b) expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section

10(b) of Public Law 110, 81st Congress, for each contract.

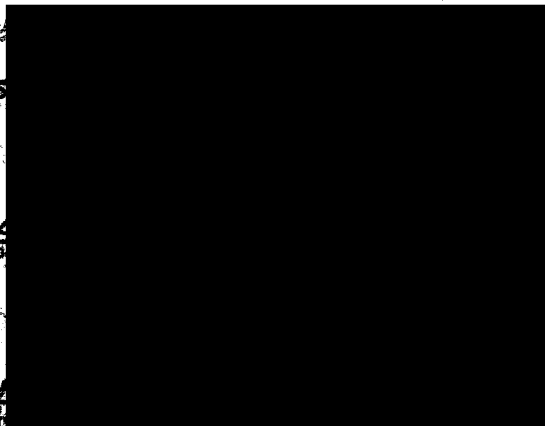

5. Approval of Amendment No. 2 to Contract No. NY-B-5111C and execution thereof on behalf of the Agency by the authorized Project Contracting Officer is recommended.
